# HOW WE DOING, FABULOUS - LOOKING PEOPLE?

## *MUCH GREETINGS FROM TRIBE TABLE.*

We're back with a fresh selection of original-idea mixed drinks, crafted purely to help you make the best possible decision: having a good time by the pool, by the bar, and by the table.

This ain't your list of usual suspects. So — what's in the glass?

A bold mix of spirits, tea infusions, and a few unpredictable twists.

You're with TRIBE - So we figured you're not here to play it safe anyway.

We've stirred in sarcasm, alter egos, and just the right amount of "Tension of the Opposites" into every glass.

We're talking tea in your liquor. Milk where it shouldn't be. Peppermint having a full-on identity clash with gin.

A line-up of drinks with names that speak for themselves: THAT GUY, DRAMA MADAME, NEVER BETTER, FAILED TO FAIL, and KNOW WHAT I MEAN?

To keep the momentum going, we proudly present our latest signature cocktail menu — born from equal parts creativity and curiosity. Sorry but not sorry to say, we've got zero regard for tradition.

This menu was made by our team to suit your finest hours — whether you're chilling in the afternoon light, easing into the evening breeze, or vibing deep into the night.

It's not just about cocktails. It's about character, conversation, and catching those simple moments.

So yeah — expect surprises. And the occasional "what the hell did I just drink?"
